EXPERIENCE

Freelancer

Mian Channu, Pakistan

Wordpress Developer

2024 – 2025

- Designed and developed 10+ responsive WordPress websites for clients across business, travel, eCommerce, and educational industries.
- Built modern websites using WordPress, Elementor, and WooCommerce while ensuring responsive layouts across desktop, tablet, and mobile devices.
- Customized themes, layouts, and website functionality according to client requirements.

PROJECTS

Amazon Agency – <https://ecomsgrowths.com>

2026

- Currently developing a responsive WordPress website for an Amazon agency using Elementor with a modern, conversion-focused design.
- Building custom landing pages and service sections to effectively showcase the agency's Amazon solutions and services.

Ecommerce Brand - <https://bitto.ca>

2024 – 2025

- Developed a responsive WooCommerce website using WordPress and Elementor with simplicity in mind.
- Client wanted a simple solution for their Amazon account approval. So, I built this website.

Travelling Agency - <https://zufta.pk>

2025 – 2026

- Contributed to the Zufta travel agency website by implementing design updates, content modifications, and responsive layout improvements using WordPress and Elementor.
